

Pedestal, Wall Dryers & Hair Steamers

Pedestal Wall Dryers & Hair Steamers
Pedestal Wall Dryers & Hair Steamers

Italian-made BMP salon dryers and steamers are very popular. Available in pedestal or wall-mounted with colour choices of black, white or silver. Wall dryer arms are made in chrome & white. All salon dryers have a 12-month guarantee and replacement parts are available. Salon dryers operate by

drawing room temperature air through the dome and heating air as it passes over an element. The warm air is then distributed into the dryer dome. Hair drying is fast, efficient and suitable for most salons. Dryers with 2-speed motors may be used for more gentle hair drying, colour, perm and hair treatment processing.

BMP Universal Dryer Pedestal

Italian/ White/ Dual Speed

This popular salon, pedestal dryer is available with a 2-speed motor in a chrome and black pedestal stand. Includes a timer and temperature control dials with a lift up visor for easy client access. Available in black, white or silver.
