

Think Like a Barber

You don't have to be a barber to use WAHL tools, you just have to think like one! If you aren't using clippers as part of your regular practice then you have fallen behind. Learn or refresh the core techniques of successful precision cutting.

This **2 hour Look & Learn Education Session** covers:

- Clipper care and maintenance
- Understanding your canvas
- Choosing the right tool to achieve your vision
- Tips for blending, avoiding and correcting demarcation lines
- Extensive fading and clipper over comb techniques, including proper positioning
- Cutting a faded hairline, and understanding the difference between a natural, low, medium, high and bald fades
- Creating texture to enhance or remove bulk
